The findings, opinions, and conclusions of this report do not necessarily represent the views of the officers, trustees, or all members of the American Psychiatric Association. Views expressed are those of the authors.

Prepared by members and fellows of the APA Ethics Committee, including especially Kamille Williams, MD and Philip Candilis, MD

During your training, you may come across scenarios or cases that are puzzling and prompt you to research or refresh your knowledge of psychiatric ethics. Below is a list of resources that provide a foundation for many potential questions.

From the American Psychiatric Association's website:

► *The Principles of Medical Ethics With Annotations Especially Applicable to Psychiatry, 2013 Edition*

- A PDF file located on the APA's Ethics Committee's Webpage

[psychiatry.org/psychiatrists/practice/ethics](https://www.psychiatry.org/psychiatrists/practice/ethics)

- This document is essential for understanding the ethics that bind all APA members to this ethical code.

► *Ethics Primer*

[appi.org/Products/Forensic-Psychiatry-Law-and-Ethics/Ethics-Primer-of-the-American-Psychiatric-Association](https://www.appi.org/Products/Forensic-Psychiatry-Law-and-Ethics/Ethics-Primer-of-the-American-Psychiatric-Association)

- This concise book was written with trainees in mind.
- It is a clear, useful guide of 11 chapters with case vignettes based on cases seen by the contributors. Published in 2001, the practical and theoretical guidance remains instructive.

► *APA Commentary on Ethics in Practice*

- A PDF file located on the APA's Ethics Committee's Webpage

[psychiatry.org/psychiatrists/practice/ethics](https://www.psychiatry.org/psychiatrists/practice/ethics)

- The Commentary is based on the existing Principles of Medical Ethics With Annotations Especially Applicable to Psychiatry. It is meant to provide practical guidance for ethical dilemmas in day-to-day practice. The commentary is cross-referenced to the Annotations so there is an explicit link between each subject and the ethics code.
